Preference

CITIZENS WAITING PATIENTLY

A number of prominent citizens from the northern part of the county were in Washington on Thursday, and spoke with enthusiasm concerning the intention of the county commissioners to proceed with the building of the Burgettstown-Hickory road. They were outspoken in their approval of the project and said that not alone would their own immediate section receive great benefits from this road, but the entire portion of the county from Washington north would be the gainer.

So eager were these enthusiastic citizens to have actual work undertaken on their highway that they have voluntarily secured releases from damages from practically all persons whose properties abut on the road and whose holdings might be injured by cuts and fills. In cases where such releases have not been obtained ample bonds will be given to the county so that it will not be confronted with any claims for damages after the road shall have been completed.

While people in this section of the valley are pleased to know that the contract for this road has been awarded by the state and for which the county will pay, on an agreement that the state will spend a like amount of money in the county on other roads, they would be better pleased if some tangible evidence was given as to the beginning of work on the highway along the river from Speers to Coal Centre.

This latter road was marked Number One for improvement in the county. The Burgettstown-Hickory was Number Two, and the Williamsport Pike Number Three. Plans and specifications for the repair of the pike have been completed, and already bids for improvement have been asked for, and some of them rejected; the contract for the Burgettstown-Hickory road has been awarded, but the local highway is still allowed to repose in its slumber, with no indications that anything will be done this summer.

The people of Charleroi as well as those to the south of us accepted in good faith the statements of the commissioners and state officials made last winter as to the improvement of this road. From time to time have come reports that the conditions pertaining to this highway have been discussed by the county commissioners and the state highway department, but up to this date there has been no assurance given that anything is contemplated in the way of activity during the present season. Citizens of this and other communities would be just as enthusiastic as the people of the Burgettstown-Hickory district in assisting on right of way work, and many of them would gladly give of their

GUARD LEAVES FOR CAMP SATURDAY EVENING

The two Washington county companies attached to the Tenth Regiment, N. G. P., Company A, located at Monongahela, and Company M, located at Washington, will leave for camp at Mt. Gretna tomorrow evening. The commands will leave Pittsburgh on a special train at 6 o'clock Saturday evening and arrive at their destination the next morning. The tour of duty will continue for two weeks.

STIFF SENTENCE GIVEN TO PAROLE

Under parole for the felonious shooting of his sister-in-law last October, in Belle Vernon, Dr. Charles R. Lakell, a prominent physician of Fayette City, re-arrested on Wednesday, was sentenced on Thursday in the Fayette county court to serve not less than two years and not more than three years in the Western Penitentiary by Judge J. Q. VanSwearingen. Dr. Lakell was given a brief hearing Thursday afternoon, after which the decision of the court was made.

The shooting last October is said to have grown out of a controversy over the two children of Dr. and Mrs. Lakell, whom Mrs. Lakell had taken to her sister's home in Belle Vernon.

Early last Sunday morning it is said Dr. Lakell and his wife quarrelled over domestic affairs, and the wife is said to have fled from the house, clad only in her night clothes, to a neighbor's house. Dr. Lakell, believing that she had gone to another house, attempted to force his way in. The owner after warning him to keep away, fired several shots from a revolver.

A crowd gathered and Dr. Lakell went back to his own home, where he stayed the remainder of the night with his two children. A report of the occurrence was made to the Fayette county court, and on Wednesday Judge VanSwearingen ordered his arrest. At the hearing it was testified that the doctor had been under the influence of liquor last Saturday and Monday, contrary to the agreement on which he was paroled.

Mrs. Ann Alexander, of Charleroi, left for New York last evening from where she will sail for Liverpool, England, on Saturday at noon, for a two months' visit with relatives and friends in England.

time and energy if the state highway department and the county commissioners would give them well defined plans along which to work, but no assurance has been given that any definite action is in prospect.

It is evident that we are patient and long suffering, but there is such a thing as the patience of the people being exhausted.

Jury Recommends Removal Of All Obstructions In Doorways

A coroner's jury composed of Geo. Newton, J. W. Mathias, G. E. Nelson, Edwin Patton, George Leith and Charles VanVoorhis, held an inquest on Thursday at the Crowley Mortuary to inquire into the circumstances immediately connected with the death of Myron E. Jobs, which occurred in the Charleroi-Monessen hospital Friday morning, July 23, at 2:30 o'clock, as the result of an accident the previous evening in the upper vestibule of the McCrory 5 and 10 cent store, located on Fifth street, Charleroi, July 22, 1920, between the hours of 10 and 11 o'clock, and that we, the jury, recommend the removal of all washing machines or other obstacles from vestibules and entrances of all business houses.

EXPECT BACK PAY ON THE FIRST OF AUG.

Efforts are being made by the railroad companies to figure out the individual back pay which will be due to their employees on the first of August as the result of the Railway Labor Wage Board. While it is not believed that all of the pay vouchers can be figured by that time, it is thought probable that the largest part of them will be made out and the aggregate of the back pay due, which is approximately \$150,000,000 will be paid. This rush to dispose of back pay is the result on the part of the railway managers to show their employees that they are to be treated with absolute fairness in the matter, as well as with dispatch.

DOUBLE WEDDING AT WELLSBURG, WEST VA.

Wednesday, July 14, at Wellsburg, W. Va., occurred a double wedding in which two young ladies of Webster became the brides of Charleroi young men. The couples were Miss Elsie R. Hall, daughter of Mr. and Mrs. Stanley Hall, who was married to George H. Parks, and Miss Marion E. Kinnear, daughter of Mr. and Mrs. J. H. Kinnear, who became the bride of Nathan A. Evans. The young people made the trip to Wellsburg by motor. Mr. Parks is employed as a machinist by the Pittsburgh Steel Products company of Monessen and is a well known resident of Monessen. Mr. Evans has recently returned to Charleroi from Detroit where he had been employed. Mr. and Mrs. Parks will reside for the present at 733 Fallowfield avenue, while Mr. and Mrs. Evans will make their home temporarily with the bride's parents in Webster.

LOCAL PLANT WILL INCREASE TONNAGE

The Electrical Alloy Steel Company, L. J. Campbell, president, and whose main offices are in Youngstown, Ohio, has developed plans for increasing the steel-making capacity of its Charleroi plant from 10,000 to 25,000 tons yearly. Among the improvements planned are the installation of two electric furnaces, one crucible furnace and a yard. Furnace equipment will start August 1.

With the return of J. W. Davenport and one of his famous portable summer roller skating gardens to Monessen, Pa., the lovers of the healthful amusement are afforded a most popular place to enjoy the sport. The skating gardens was recently constructed in Monessen and is open for skating every afternoon and evening.

Mr. Davenport is prominent in this vicinity as one of the leading amusement operators of the state and during last summer conducted skating in Monessen with great success and it was due to the fact of so many requests to return that Monessen was again picked as the sight for his summer skating gardens.

The building is of the Chautauqua plan and assures the most perfect enjoyment of skating in cool and refreshing atmosphere. The Garden is managed along the same refined lines as the large permanent building operated by the same company in McKeesport and which has been an amusement center of this section of the county for the past 15 years. Thus assuring not only the enjoyment of skating but also the pleasure of meeting the best class of amusement goers. 47-41.*

OUR NATURAL GAS RESOURCES MUST BE CAREFULLY CONSERVED

CURFEW LAW WILL BE ENFORCED IN MONESSEN

Beginning with the first of August, the borough of Monessen will begin the enforcement of the curfew law. The whistle on the steel town will blow at 9 o'clock, standard time, and all children under 16 years of age, when all children will be expected to get in off the street. Any children found on the streets after that hour, unless accompanied by parent or some near friend will be liable to detention by the police.

SIR KNIGHTS ENJOY OUTING AT OAKLAND

The picnic and outing of, McKean Commandery, No. 50, Knights Templar, held at Oakland Park on Thursday, was a very successful event. The day was all that could have been desired, and it is estimated that at least twelve hundred people participated in the festivities of the day. A fine sports program had been arranged and the various events, except the shooting contest, were carried out as arranged, with the following winners:

Race for boys 6 to 8 years, Donald Wertz.

Race for girls 6 to 8 years, Jean Boyd.

Three-legged race for boys 16 to 20 years, Thomas Gray, and Ronald McKay.

Egg and spoon race for girls 16 to 45 years, Katherine Frye.

100-yard dash for Master Masons, Lambert Neaton.

Fat Men's race, William Milliken.

Human wheelbarrow race for boys, Thomas Gray and Ronald McKay.

Fat Women's race, Mrs. H. C. Robertson.

50-yard race for married ladies, Aneta Stephenson.

Conference Debates Question Of Wasteful Practices Now In Vogue

MUST USE BETTER APPLIANCES

A conservation conference on the natural gas question, under the auspices of the Public Service Commission of Pennsylvania, was held at the Bureau of Mines, Forbes street, Pittsburgh, on Wednesday, which was attended by a number of state officials, as well as representatives of all the natural gas companies in western Pennsylvania.

The natural gas question in all its phases was discussed, and the fact was brought home to experts that the problem has already passed the stage of economy. The supply must be stored and preserved, if we are to have the use of this natural fuel. The object of the conference was to advise such ways and means that the supply would be available for heating homes, offices and stores, with the likelihood that all industries will be denied this apparently fast vanishing fuel.

The rules adopted for the consumers in Erie and surrounding towns were laid before the conference and approved by it. If their use is made general in Western Pennsylvania, Ohio and West Virginia, it is believed that the supply of gas in the ground will keep the kitchen range, the parlor grate and the fire in the office going for 25 years or more.

The Erie rules limits the gas to domestic and commercial uses. Domestic use includes lighting, cooking and heating with proper gas appliances. The commercial uses are broad and include some manufacturing purposes, but it is proposed to narrow them. The use of efficient appliances is required, and after November 1 of the present year, the company will reserve the right to discontinue gas if the rules are not obeyed.

The new rules will cover production and consumption, and all appliances that waste the use of gas will be condemned and will have to be replaced. Open torches which are such a familiar figure in some parts of the country will be eliminated, as well as other wasteful practices, while appliances in the home will be required to measure up to a certain standard in order to be approved. Many angles of the situation were discussed, but the outstanding feature of the conference was the fact that natural gas must be conserved for once the supply is exhausted in Pennsylvania it will be impossible to supply a sufficient quantity of the manufactured article to meet the demand.

THINGS THAT "CAN'T BE DONE"

The world has always been in need of men to do the things that could not be done. The need is more pressing today than ever.

When Columbus started out to sail around the globe men laughed at him and told him it could not be done. Columbus did not succeed in the attempt, it is true, but he proved that the thing could be done.

When Samuel Morse started to transmit messages between distant points by means of a tiny wire, people said it could not be done but Morse soon proved differently. Fifty years later Marconi showed people how to talk through the air without even the use of wires.

Edison achieved two things that most people declared to be impossible when he used electric current to produce light and when he reproduced the sound of the human voice. Motion pictures are another of the "impossibles."

There are other achievements, seemingly impossible today, awaiting accomplishment. They stand as a challenge to the ingenuity of mankind. The need of the world is for men who can do these things.
